### SPA RESERVATIONS ADVISORY

**Experience ultimate relaxation at Fusion Resort Cam Ranh with its all-spa inclusive concept - guests can indulge in complimentary spa and wellness every day!**

**Due to the high demand for our spa services, please note the following:**

- Maia Spa is open from 10 am to 10 pm daily.
- We kindly ask that guests pre-book spa treatments at least 48 hours in advance to avoid disappointment.
- Please arrive 10 minutes prior to your appointment time to complete our consultation procedures.
- In order to avoid any potential health issues, the combination of two strong treatments back-to-back is not permitted. If you wish to book two strong treatments on the same day, we advise a minimum rest period of four hours in order to allow your body to recover.
- Two sessions of the same treatment cannot be booked back-to-back. If you wish to have the same treatment twice, we can offer an 80-minute session instead (which will count as two treatments).
- A maximum of two treatments may be pre-booked per day. Additional daily treatments are subject to availability and can only be booked after completion of the first two.
- Guests are advised to arrive at Maia Spa wearing the bathrobes provided in our villas and suites.

- Advance reservations are strongly recommended to ensure that a therapist and treatment room are available. We may not be able to fulfill your request if booked less than two hours in advance.
- Spa bookings are only accepted after check-in (starting from 2 pm) and must be completed by check-out (12 noon) on the day of departure.

**No-Show Policy:**

- In the event of a late arrival, our therapists must finish your session at the scheduled time as a courtesy to our other guests.
- 15 minutes after the scheduled appointment time, the session will automatically be canceled, with no entitlement to an additional treatment on the same day (or the next).
- Unfortunately, the exchange or transfer between guests of unused spa visits is not permitted.
- Unused spa services cannot be transferred to the next day.
